IMPORTANT MEETING OF BETHEL HISTORICAL SOCIETY NEXT THURSDAY EVENING

The July meeting of the Bethel Historical Society, to be held Thursday, July 6, at 7:30, at the Casco Bank Community Room, is a very important one for all members to attend, as well as anyone in this area who is really interested in preserving our local history.

Now that it has been announced that the Dr. Moses Mason house at Bond and Mason Streets is undergoing restoration by the Bingham Foundation for Charity and will be given by them sometime in the spring of 1973 to the local Historical Society to be used as a museum and meeting place, it is essential that plans be made for its maintenance, and it is too soon to become active in fund raising projects.

Such a museum furnished with the local treasures of the early 1800's when this house was the living home of the many famed Dr. Moses, doctor, postmaster, businessman, congressman, and community leader, will attract many people to our community just as such museums are in many other places. There are many who spend time following the museum trail and especially to learn how people lived in olden days. The house has the very distinctive wall murals in the front hall, which are credited to the school of Rufus Porter, who himself painted many home walls throughout New England but had made apprentices. This outstanding feature has already received published recognition in Jean Lippman's book "Rufus Porter and His Followers" (there are pictures of the house in this excellent book).

Elizabeth Mason Carter, trustee of the Historical Society was recently notified that the material gathered in application form to be presented our new Maine Historic Commission, hoping to regain their nomination of the house as a historic landmark has been unanimously approved and their nomination has been forwarded to Washington for Federal final approval and designation to the Historic Landmark Roster. Earle Shettleworth, Jr., Portland, member of the Maine Historic Commission, visited the house last year with Mrs. Carter.

COMMISSION:
The name of Bob Saunders was inadvertently omitted from last week's list of Citizens' Committee members who are planning the "Bethel and His Community" learning experience to be held at Telstar Regional High School in July.

COMMENTS FROM THE OFFICE OF THE TOWN MANAGER

The Town Office will be open Monday, July 3, and closed Tuesday, July 4.

We received delivery of the new Caterpillar loader June 14. The truck we ordered has not arrived as yet. The Highway Department will soon start tarring. Driveways will be done as the schedule permits.

I would like to thank all those who called, sent cards and visited while I have been incapacitated. I am now able to be at the office awhile each day.

Elwyn N. Dickey

and voiced great enthusiasm in its preservation and being recognized as an important Federal type home. He presented the application prepared by Mrs. Carter. There are already a number of distinguished places on this roster in Maine, as well as many applications awaiting approval.

Among those the Mason house would join are: Harriett Beecher Stowe House, Brunswick; Harpswell Meeting House; Spurwink Church at Cape Elizabeth; Shaker Village, New Gloucester; Winslow Homer Studio, Prout's Neck; Nathaniel Hawthorne house at South Casco; Black Mansion, Ellsworth; Jonathan Fisher House, Blue Hill; Admiral Byrd Estate, East Sullivan.

Realizing this, Historical Society member Guy P. Butler has prepared and already presented to the officers and trustees of the Society an excellent plan for fund raising and the ongoing support of this museum. It has received the full approval of the officers and trustees, and Mr. Butler has agreed to attend the July 6 meeting and make the presentation to the full membership, and other interested people.

Also at this meeting plans will be finalized for two Society projects: the Mollycokett Day Booth at which Bethel antiques will be displayed and some things sold. Also the Society has agreed to sponsor the September 30th 470 Railroad Fans Club tour to Bethel, and make arrangement for the entertainment of the passengers during the stop-over.

Bethel's second Homecoming observance will be in connection with the Railroad tour on Saturday, Sept. 30, and this involves as last year the full and generous cooperation of Bethel people.

Do plan to attend the meeting July 6 when something exciting is happening in your community—do be a part of it—it is rewarding as those who have worked on these projects well know.

S. A. D. 44 BOARD APPROVES 1972-73 AGREEMENT WITH EDUCATION ASSOCIATION

The board of directors of S. A. D. 44 approved a comprehensive agreement with the S. A. D. 44 Education Association for the period of Sept. 1, 1972 to Aug. 31, 1973, on Monday evening of this week at a meeting at Telstar Regional High School.

MT. ABRAM FISH AND GAME
ASSOCIATION MEETS
Mr. Abram Fish and Game As-
sociation held their meeting at the
Lake Mills Town Hall on June 16,
with President Harold F. Bennett,
presiding. Thirty members were
present including two speakers, John
C. Malley from the Resources (an
ervation and Development Project
and Stuart DeRoche from the Fish
and Game Department.
Mr. Malley spoke on the prospects
of building a boat launching ramp
and parking lot at South Pond. The
project is something that is very
highly needed as at the present time
there is no place that one can
launch a boat of any size. The use
that would be usually handled on a
boat and land to be launched or
pulled up with the trailer. This is
something that should be made pos-
sible for the convenience of the
public.
Mr. DeRoche spoke on the possi-
bility of building a fish way at the
dam at Tumbled Pond for the pur-
pose of giving the fish an opportu-
nity of coming from the stream be-
low the dam into the pond. There
are many of these fishways being
built and they are proving very use-
ful to the ponds at the headwaters
of the streams.
Resolved word from Mr. Malley on
June 16 that he would return some-
time the first of August with
engineers from the Parks and Rec-
reation Department also from the
Fish and Game Department to sur-
vey and map out the two projects
that have been proposed.
At the meeting there was a
proposal that there should be a
committee to work with these en-
gineers. The following committee
was appointed: Clarence Howe, Har-
old Stevens, Herman Bennett, Ar-
thur Gilbert, Harold Bennett.
If anyone has any suggestions ab-
out the two projects they can con-
tact any one of this committee and
they will be glad to listen to any
suggestions that would be of any help
to the conservation of our fish
and game.

the Oxford County Finance Cam-
paign for the 1972 Finance Campaign.
The Republican Party of Maine

Campaign, has adopted a state-wide
budget and established County and

ment, salaries of finance director,

tions come from will get credit for
all donations. Checks should be
made payable to the Maine Re-
publican Finance Committee and
can be mailed direct to Norman
